

Grabber AT2

Para los caminos aventureros

BENEFICIOS

- Gran desempeño en terrenos fuera de carretera por sus segmentos irregulares y profundos
- Asombrosa resistencia a cortes y desgarres por su índice de carga
- Estupenda distribución de peso y capacidad de carga por su anchura de sección
- Tracción extra por sus sipes estratégicos en los bloques
- Larga vida y duración por su sistema autoexfoliante que despiende a piedrillas eficientemente
- Alto rendimiento y desgaste uniforme gracias a su tecnología de bloques interconectados
- Protege su inversión debido al protector de rin (FR)
- Belleza y gallardía por el diseño de su costado con LBD
